May 8, 2013

Honorable Rob Bishop, Chairman  
US House Subcommittee on Public Lands and Environmental Regulations  
1324 Longworth House Office Building  
Washington, DC 20515

Dear Sir:

The Anthony Chamber of Commerce is pleased to formally support Congressman Steve Pearce's introduction of bill is HR 995.

We represent one community that spans two states and is heavily invested in the land through our agricultural, commercial and tourism interests.

While we strongly support environmental and conservation initiatives, we feel that these can only be implemented through a system that considers and acts upon the input and needs of the entire public, not just well funded special interest groups who many times are not even local residents.

We strongly recommend that you support HR 995 to protect our voice and our resources.

Respectfully yours,

David L. Fisher  
President  
Anthony (NM/TX) Chamber of Commerce
