

**AREA MAIL PROCESSING (AMP) FEASIBILITY STUDY
Socorro, NM, CSMPC to Albuquerque, NM, P&DC**

November 23, 2011

An Area Mail Processing (AMP) study was initiated to evaluate moving the mail processing operations from the Socorro, NM, Customer Service Mail Processing Center (CSMPC) to the Albuquerque, NM, Processing and Distribution Center (P&DC). The initial results of the study support the business case for consolidation. This study, currently in review at United States Postal Service Headquarters and its Area Office, is subject to change.

A public meeting will be held to share the initial results of the study and allow members of the community to ask questions and provide feedback. The public's input will be considered prior to a final decision. The meeting will be held on Thursday, December 15, at 6 p.m., at the Socorro Public Library, 401 Park Street, in Socorro. Below are preliminary highlights from the study:

Business Case:

Proposed annual savings in the draft AMP feasibility study are approximately \$149,464. Below is a breakdown of this savings estimate:

Annual Mail Processing Savings	\$45,897
Annual Management Savings	\$46,921
Annual Transportation Savings	\$56,646

Postal Employees:

Due to the consolidation, a net decrease of approximately three positions is projected. All bargaining employee reassignments will be made in accordance with the respective collective bargaining agreements.

Net Craft Employee Impact	-1
Net Supervisory/Management Employee Impact	-2

Local Customer Considerations:

- Retail and other services currently available at the Socorro facility will remain.
- Business mail acceptance will remain the same.
- Local collection box pick-up times may change as a result of the AMP.
- A local postmark will be available for stamped First-Class Mail.
- Delivery times of mail to residences and businesses will not change as a result of the AMP.
- The proposed consolidation would support a 2- to 3-day service standard for First-Class Mail.

Commercial Mailers:

- Mailers who presort mail will continue to receive appropriate postage discounts.
- Mailers who drop ship to Destination Sectional Center Facility (DSCF) for ZIP(s) 878 can expect changes if the AMP is approved.
